## **CONSTRUCTION SCHEDULE UPDATE**

McHugh Excavating & Plumbing, Inc. has completed most of the driveway transition and patching portions of the project.

Beginning the week of September 19<sup>th</sup>, it is anticipated that they will start paving the following roadways:

- Hillview Drive
- Nordic Court
- Whitmore Street (south of Goodrich Street)
- Plummer Street (east of Darr Avenue)
- Main Street (south of Highway 43)

The roads will be temporarily closed or restricted during this process. We are requesting that residents refrain from parking in the streets until the roadway has been reopened. It is expected that any closures/restrictions will be limited to a few hours while the work is being performed. The roadways will be reopened after the paving temperature cools.

Following pavement placement, McHugh will begin turf restoration. McHugh has not provided a schedule, but we expect that this work will be completed in the coming weeks.
